ON THE COVER: _____

Sullenberger Aviation Museum

On January 15, 2009, US Airways flight 1549, having just taken off from LaGuardia Airport in NYC, struck a flock of geese and without engine power, landed (ditched) in the Hudson River. Thanks to the heroics of Captain Sullenberger and the rest of the crew, all 155 passengers and crew survived and were rescued by the courageous ferry crews and first responders.

MEMBERSHIP CORNER

This month, we'd like to give a warm Tarheel welcome to 67 new members and associate members in December and January. We had a nice gain in total chapter membership to **2815!** Our membership is the life blood of the Club. Without your participation, there would be no Club. We offer a wide variety

of activities and welcome the opportunity to get to know you better at some of these events. We encourage you to contact your Area Coordinator to find out about local dinner meetings and other ways to get involved in YOUR club. Come join us, you'll have a great time!

ON THE COVER:

The Airbus 320 plane, as pulled from the Hudson River, is now located in the Sullenberger Aviation Museum, located near Charlotte Douglas International Airport.

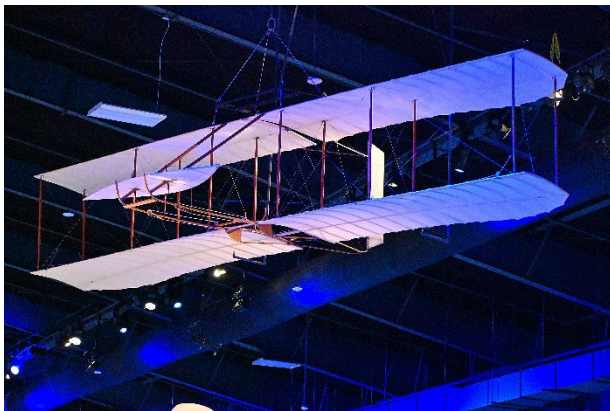

The Winston Salem Triad area, led by Diann Barbacci, organized a group drive to the museum and a tour. Some folks from Charlotte joined the tour as well. First order of business was talking about the cars and getting some shots with the SAM museum logo in the background. Finally, it was time to go in.

Larry, a BMW CCA member and volunteer at the museum, gladly led the tour. But first we just browsed a
TARHEEL CHAPTER FOOTNOTES

few of the displays, and played with the simulators before long lines were formed.

Soon Larry started the tour, which began with the beginnings of flight. Replicas of the Wright Glider and Wright Flyer hang from the ceiling. Then breaking the sound barrier was discussed along with describing the various military aircraft on display. The museum has helicopters on display as well.

The Miracle on the Hudson Airbus A320 dominates the center of the display area with many information panels surrounding it. Larry, with the help of a former pilot discussed the challenges of losing both engines and some of the factors leading to a successful ditching of the plane in the Hudson and subsequent rescue of all aboard. The redundant safety systems were also

<http://www.tarheelbmwcca.org>

discussed, allowing for safe flights of thousands of planes every day. We then watched a great video on the Miracle on the Hudson, highlighting some of the passenger's thoughts and experiences of the rescue. The video has a running clock, highlighting how quickly things happened.

At the end of the tour, with everyone ready for lunch, we all stopped at Miguel's, a local Mexican restaurant. Great food and conversations were enjoyed by all. Soon it was time to leave as folks headed back home.

Cruisin' the Carolinas

If you are a BMW Owner then you know it's always a good time to drive! Eighteen Club members met just outside Hendersonville, NC on Saturday March 29 to take in the twists and turns Western North Carolina provides.

After a quick follow the leader overview and a review of the route, 12 BMW's and 1 Mini took off to enjoy the day! We started with some winding roads through farm country along the French Broad River where the trees starting to break out of their winter slumber were on full display. Then a run up Rt 215 allowed for the ultimate driving machines to be put through the full test! Up the mountain we went to meet the Blue Ridge Parkway where clouds and fog greeted us at the Highest Point – 6053 ft! On the way back to our planned lunch we stopped to take a small hike to some road side waterfalls at Living Waters in Balsam Grove - where natures beauty had our full attention!

Lunch was enjoyed in Rosman, NC at the Country Skillet – a local joint serving up burgers, fries and, in this author's opinion, award winning onion rings! After lunch a few of us took another short roundtrip run up Rt 215 – because sometimes once is never enough!

Zealous Zebulon Adventure

February proved to be a surprisingly wintery month in North Carolina, with temperatures far below normal for long stretches and two ice storms featuring large in making it feel like the longest month of the year, rather than the shortest. Good news came with the arrival of March, however, with the temperatures soaring close to 70 degrees. The sun arrived and created the perfect opportunity for another Bimmer adventure in The Triangle Region.

By 9am the BMW faithful had already started arriving at BMW of Raleigh, also known as Leith BMW, for some breakfast and coffee courtesy of GM Sean Beach. Caffeine and pastries made for a perfect start to the day as we had a chance to catch up with friends, kick tires, and tell stories on the showroom floor.

By the time we settled in for our driver's meeting, we had 28 people in the group and 16 Bimmers on the tarmac. A great prelude to our first driving event of 2025.

At 10am sharp, we blasted off for points north and east of our Capital City. A short drive through town gave us the chance to hit country roads which skirted the edge of Wake County and entered us into some bucolic farm country. Spring is clearly on the march, with trees now showing early signs of budding and a general greening of the area. Activity on the farms is increasing as planting season comes closer to becoming a reality, and the sheep, cattle, and goats are all on the move enjoying the warming rays of the sun. The Bimmers clearly enjoyed playing in this environment too, finding some nice opportunities to stretch their legs away from suburbia. We did come across some errant farm equipment that was poorly placed, but a stab on the binders made those problems go away quickly. Then a jab of the loud pedal made the issues disappear quickly in the distance. Fortunately, it wasn't a tough winter overall, so the roads are generally in good shape. Recent rains eliminated the last vestiges of the "brine" a panicked DMV has spread two weeks ago.

Getting 30 miles away from the State Capital can make it feel like we've traveled back in time by 80 years. Old time buildings, vintage vehicles, and a sense of calm seem to permeate the area. It would be fun to slow down and wander through some of the small towns we passed through, but we had another important mission to complete.

Our lunch date for the day was at the Norse Brewing Company's Longhouse in the town of Zebulon (population 6,903). This is an area that had fallen on somewhat hard times late in the last century but is very much on the rebound now as the Research Triangle Park region continues to move forward on an economic and demographic growth jag. We arrived as scheduled at 11:30 and the staff was waiting for us ... although we promptly overwhelmed the kitchen team. No matter. It was a lovely day, and we were able to take good advantage of the patio area. The food was terrific and the staff very attentive. The Nordic theme, complete with Viking helmets and other paraphernalia, provided a perfect backdrop for the day.

After lunch we headed out on a walk about town to visit the shops and explore the side streets. One highlight clearly was a visit to the local bagpipe shop, where the proprietor is also a BMW owner. He is originally from Glasgow, Scotland, and now plies his trade in the relative quiet of Zebulon. He acknowledged that he doesn't get a lot of walk-in business; apparently most people on the hunt for pipes do it via the Internet. Still, he had some great kit from the old country, some of which came home with club members. Who can resist a special "on tap" system for some high-quality Single Malt?

Later we wandered over to the Olde Raleigh Distillery for a chance to check out more of the local wares and relax in the afternoon sun. The perfect way to wind down a wonderful day with friends. Life is clearly better in a Bimmer!

ELECTION RESULTS

The call for nominations went out in the February Footnotes for the following positions:

President
Activities Director
Membership Chair
Secretary

Voting ended on March 31, 2025.

The incumbents have been reelected with no other candidates running against them. Our officers are as follows:

Paul Dunlevy	President
Brenda Dunlevy	Activities Director
Jonathan Strine	Membership Chair
Maria Strine	Secretary

Congratulations to all for continuing to serve the Tarheel Chapter.

Glenn Lucas Award

The 2024 Glenn Lucas Memorial Award, presented to the driver who best represents the Spirit of Club Racing on and off the track, went to Mike Hinkley of the South Atlantic Region. The press release on the award says, “Mike holds BMW CCA Club Racing license #1,034, having raced with BMW CCA Club Racing for twenty years. As most know, Mike also serves as Club Racing’s ironman, filling the roles of Competition Steward, Technical Steward, Race Chair for the Tarheel Chapter, and Racing School Event Chair, also for the Tarheel Chapter (know that those last two roles require prep and delivery of four events every season; each one is a heavy lift).

We’d have to go out and recruit four people to replace Mike. His knowledge and experience are hugely appreciated by both Club Racing and the Tarheel Chapter, and his contributions to the BMW CCA made his selection by the national stewards as the 2024 Glen Lucas Memorial Award winner an easy decision.”

Both the Rookie of the Year and Glenn Lucas awards are accompanied by a \$1,000 stipend.—*Brian Morgan, Roundel Motorsports*
